What you get with SFG

🕐 Your time is respected

Every trip has a **fixed departure time**. It never leaves early, never leaves late. You plan your day around your travel.

🛡️ Your seat is guaranteed

You **pay ahead**, and your seat is locked. The car only leaves when enough seats are paid — so you never wait for a car to fill up.

👤 You know your driver before you travel

We send you the **driver's name, plate number, car model and colour**. No more getting into a stranger's car at a crowded stop.

🌙 Safe night travel

Book a night trip in advance, pay ahead, and get a confirmed, traceable ride. No risky walk to a dark stop hoping to find a car.

📦 Send parcels without travelling

Book a parcel on any confirmed trip. We will quote you a price based on the size and destination. Ask when you book.

🚫 No more standing in the crowd

You don't go to the stop and hope. You book from your phone, you know your time, and you walk straight to your car.

📍 Dedicated Pickup Points

To guarantee on-time departures, we use **one central meeting point per trip**. The exact location is sent to you 1 hour before departure.

📅 Book up to 48 hours ahead

Going to work tomorrow? Book tonight. Coming back Friday? Book Wednesday. Your seat is waiting.

How payment works

💳 Pay by bank transfer or e-wallet

1. Message us to book your seat. We confirm the price.
2. We send you our **bank or e-wallet details** in the same message.
3. You make the payment and send us the **proof** (a screenshot or the transaction reference).
4. Your bank reference becomes your **booking reference** — we send it back with your driver's details.
5. Your seat is locked. You just show up at your time.

💵 Paying cash to the driver?

Cash is accepted, but it's slower. The driver has to collect and confirm before your seat is locked. **Electronic payment confirms your seat instantly.**

⏰ BOOKING CUTOFF

✅ **Bookings close 1 hour before departure.**

✅ **Once closed, you cannot cancel.**

Why pay electronically?

- **Instant confirmation** — no waiting for the driver to collect.
- **Traceable** — your bank reference is your booking reference.
- **Safer** — no cash to carry, especially at night.
- **Faster refunds** — straight back to your account.
- **Priority** — paid clients get the seat first when a trip is nearly full.

Frequently asked questions

What if the trip doesn't fill?

You get a **full refund**, and we offer you the next departure at no extra cost. We only cancel when there aren't enough paid passengers — never to save us money.

What if I miss my trip?

Confirmed departures leave on time. If you miss it, the fare isn't refunded — but first-time misses get a goodwill credit toward your next trip. Message us and we'll help.

Can I book for someone else?

Yes. Give us their name and phone number, and we'll send the driver's details to both of you.

Can I send a parcel?

Yes — on any confirmed trip. Pricing depends on size and destination; ask us for a quote when you book.

How early should I arrive?

10 minutes before departure at the designated meeting point. That's it — no need to come earlier to hold a spot.

What if I need to change my booking?

Message us as early as possible. Changes are easier the further ahead you tell us.

📋 The simple rules

Book at least 1 hour before departure · arrive 10 minutes early at the designated pickup point · show your booking message when you board · one seat per paying passenger · electronic payment is faster and safer than cash.

🤝 **Our promise:** if *we* cancel your trip, you get every cent back. If we confirm it, the car leaves at the published time — not early, not late.
